

August 4, 2021

Dear Residents, Families and Staff,

We would like to update you on the most recent positive COVID-19 test result we've had on campus. On July 30th we informed you of a positive test result of a staff person in our licensed areas. We have received back all rounds of COVID-19 testing since then, and, thankfully, **all staff and residents have tested negative.**

Additionally, on August 3rd we had one staff person in our licensed areas test positive for COVID-19. This staff member had no resident contact and at this time residents do not have to be tested. All staff who worked with this employee will be tested this week and next week. We are waiting on further guidance from the health department on the potential need to test residents at a later time.

This does not impact visitation at this time.

As always we will keep you informed.

Sincerely,

A handwritten signature in black ink, appearing to read "Andrew Applegate", is written over a light gray rectangular background.

Andrew Applegate
